## I-11 NORTHERN NEVADA ALTERNATIVES ANALYSIS

## **July and August 2018 PUBLIC MEETINGS**

The Nevada Department of Transportation (NDOT) is initiating the I-11 Northern Nevada Alternatives Analysis. The goal of this Planning and Environmental Linkage (PEL) process is to advance the congressionally designated I-11 corridor of US 95 between Las Vegas and Interstate 80 as identified in the I-11 Intermountain West Corridor Study (2014) by considering a range of potential corridors. The result will be a smaller range of potential corridors to be analyzed under future environmental study process(es). This will help NDOT to strategically plan how to best advance this important transportation investment over time and inform future actions by both NDOT and federal land agencies.

To hear from as many Nevadan's as possible, NDOT will be holding a round of public meetings between July 24<sup>th</sup> and August 9<sup>th</sup> at the locations listed below. Each meeting will contain the same content, including a formal presentation. Please help us advance this critical future transportation link. The public comment period will remain open until Friday August 31, 2018.

Location	Date/Time
Carson City NDOT Headquarters 3 <sup>rd</sup> Floor Conference Room 1263 S. Stewart Street, Carson City, NV 89712
