

NDOT ODVP LOI 15-9: Low Clearance Locations for Annual Permits

- Reference: 1. NDOT Over-Dimensional Vehicle Permits Letter of Instruction 15-9 dated September 14, 2015
 2. <https://www.nevadadot.com/doing-business/commercial-vehicles/commercial-vehicle-permits>

- * All annual permits issued by the Nevada Department of Transportation, Over-Dimensional Vehicle Permit Office, allow a 15' (fifteen feet) height clearance. The routes below are restricted as low clearance locations. These routes are restricted to any load with a minimum clearance of at least 3" (three inches). Example: If a bridge height is 14', the maximum allowed load can only be 13'9" or less.
- * Bridge height may change without notice. If you have concerns regarding a route, you are advised to call the Over-Dimensional Vehicle Permit office at 1-775-888-7410 to have the route verified by an agent.

County	Street	Under	Height
CLARK COUNTY	Primm Blvd	I-15	14'5"
