I would like to put it on record that as a home owner in the area of Henderson section 27 (Equestrian & Foothills), my wife and I are against this project.
Here is how I can be reached if necessary:

NDOT-11 expansion proposal

I am writing to object the above expansion proposal.

By allowing NDOT to build a freeway expansion in the beautiful Henderson hills behind our home and the home of the natural habitat of the many species of animals that also call it home would be a travesty to the existing landscape that so many travel from near and far to enjoy. The amount of noise that will be generated will be unbearable for area residents. Idling cars will sacrifice the air quality, and the surrounding area that includes the much sought after bike and walking recreation, The River Mountains Loop Trail, would be greatly compromised.

Also, the very nature and allure of our community will be affected negatively, thereby driving down home values. And with all that is going on in the world right now and the collapse of our economy, our homes should not also be threatened.

Overall, I feel the proposed expansion that would allow this extremely under-thought out freeway to be built is not in the best interest of the citizens of Henderson and Boulder City and I strongly urge you to reconsider your decision.

Sincerely,
A Very Concerned Citizen

Those of us who bought here in the rural area do not want a freeway running up behind our homes. The noise alone against the mountains echoing back on us would be ridiculous 24/7, much less opening is up for more traffic, crime if there is off/on ramps in the area. We have more traffic, congestion and crime than we have ever had since more building and bus stops in the area have been added. We as a neighborhood, have no use for another freeway!

Make it a Great Day,

Subject: NO on the I-11 Expansion - River Mountain Henderson, NV
Date: Friday, August 7, 2020 9:39:33 AM

Good morning,

We are absolutely against any form of freeway near our River Mountains in Henderson. The lifestyle in this area utilizes the many outdoor activities that come with the beautiful surroundings as well as quiet neighborhoods. To add a freeway will add traffic, danger, transient people, increased illegal activity and take away the beauty. We moved here specifically for all of the benefits I previously mentioned. Please don't take any of that away from my family.

Thank you,

Charlie & Tisha Ackerman

Comment I do not support the Eastern alignment, disrupting federal and other agency land, disrupting nationally recognized trails, all while within close proximity to an existing freeway that could be upgraded using the dollars from the Eastern alignment.

Comment We have lived in Section 27 40+ years and are literally one house away from Foothills on the eastern edge of the section, butting up to BLM land and the power lines. We have enough environmental worries with the power lines without adding a transportation corridor in the m the mix. We are opposed to a route that would disrupt our neighborhood. A Neighborhood we have fought to keep rural.

Comment I do not want a corridor built to save a few minutes of time driving to Lake Mead when the traffic is never an issue in this area. It is a waste of money and will take away space from Henderson residents who enjoy outdoor activities in this whole area. We don't want the added pollution and noise when we are enjoying our walking/ biking trails!
