

Centennial Bowl – Phase 3D

US 95 NORTHWEST CORRIDOR IMPROVEMENTS PROJECT

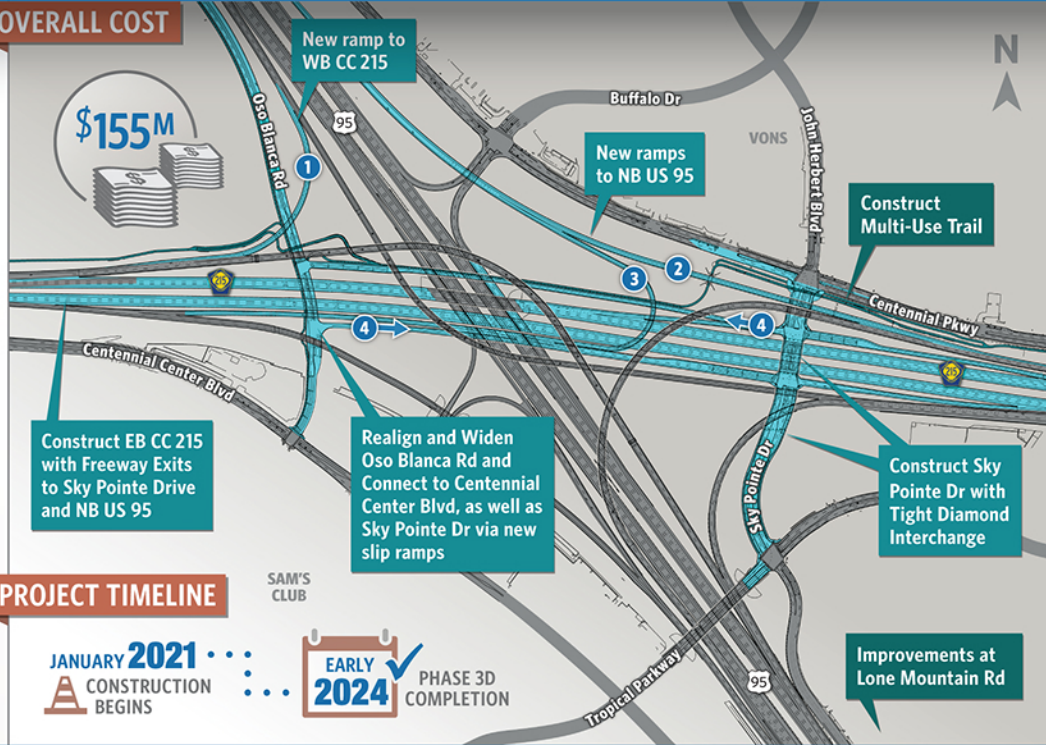

The final phase of the Centennial Bowl provides local connections, completes the system-to-system interchange at US 95 and CC 215, expands CC 215 through the interchange, improves local roadways, and constructs facilities for non-motorized transportation. Additionally, this final phase (Phase 3D), includes landscape implementation and aesthetics to enhance the traveling public's experience.

DIRECT CONNECTIONS

- 1 Southbound US 95 to Westbound CC 215
- 2 Westbound CC 215 to Northbound US 95
- 3 Eastbound CC 215 to Northbound US 95
- 4 Oso Blanca Rd to/from Sky Pointe Dr

OVERALL COST

\$155M

BENEFITS

Increased Safety

Enhanced Aesthetics
