OVERVIEW

The Nevada Department of Transportation (Nevada DOT) is the agency designated to apply for, receive, and administer funds under Federal Transit Administration (FTA) Sections 5310 and 5339. This application has been developed to assist Applicants in applying for capital funding assistance under these programs. The information provided by the Applicant is intended to justify their request for funding. This application is used by the Nevada DOT to evaluate all proposed projects and to complete its annual application to the FTA.

The **FEDERAL GRANT APPLICATION** must be filled out by all Applicants in its entirety. All application documents and addenda are available on the Nevada DOT website: <https://www.nevadadot.com/mobility/transit/transit-resources>

Applications must be provided in PDF format (scans will not be accepted) via email or via a USB drive mailed to:

transitteam@dot.nv.gov

or

Nevada DOT Transit Office
Federal Grant Application
1263 S. Stewart Street, Room 320
Carson City, NV 89712-0001

Application submissions must be postmarked by, or emailed on or before the **PUBLISHED DUE DATE**.

The Nevada DOT Transit Office staff will review and score all submitted applications. Applications are scored upon the documents and information received within the application packet. **Additional document requests will be made if anything is missing from the application, but providing those missing documents won't change the application's score.** Please ensure all required forms, information, addenda, and/or attachments are provided with your Federal Grant Application.

NEW APPLICANTS

A new Applicant is an Applicant that did not receive FTA funding assistance administered by the Nevada DOT in the previous federal fiscal year. New Applicants are required to fill out the **NEW APPLICANT ADDENDUM** with their **FEDERAL GRANT APPLICATION**, along with the required attachments or addenda.

Existing subrecipients do not fill out this form.

APPLYING FOR FEDERAL CAPITAL ASSISTANCE

49 U.S.C. § 5310 and 49 U.S.C. § 5339 provide for the availability of federal funds for capital expenses in small urban and rural areas by way of the FTA Formula Grant Programs administered by the Nevada DOT. Capital assistance Applicants are required to submit the **CAPITAL ASSISTANCE ADDENDUM** and the **MULTI-YEAR CAPITAL BUDGET FORM** along with their **FEDERAL GRANT APPLICATION**, and any required attachments.

All capital assistance (§5310 or §5339) is applied for through the **CAPITAL ASSISTANCE ADDENDUM** only.

APPLICATION ASSISTANCE

The Nevada DOT Transit Office has staff available to provide a wide range of technical assistance to Applicants in completing the grant application in its entirety. Questions regarding the application may be directed to the Nevada DOT transit staff via email at transitteam@dot.nv.gov.

IMPORTANT NOTES

The purpose of this application for federal financial assistance is to evaluate your program needs through your qualifying responses. Therefore, all information you need to provide to us will encompass, at minimum, your transit specific program and may also include additional information you provide in consideration for federal funding assistance. The more complete, accurate, and thorough the information you provide is, the clearer your needs will be in the evaluation.

SCORING CRITERIA

The Nevada DOT Transit Office staff will review and score all submitted applications. Applications are scored upon the documents and information received within the application packet. **Additional document requests will be made if anything is missing from the application, but providing those missing documents won't change the application's score.** Please ensure all required forms, information, addenda, or attachments are provided with your Federal Grant Application.

The Nevada DOT uses the same project selection process for all grants. The Applicant must demonstrate that it has the requisite legal, financial, and technical capacity to responsibly and efficiently implement, administer, and manage the project.

The Transit Office reviews applications for eligibility and completeness prior to scoring. Applications will be scored before recommendations are provided to the Director of the Nevada DOT for allocation of the funds.

Final awards are based upon funding availability from the FTA. Application scoring will be facilitated through evaluation of responses to application questions using the following criteria:

Project Need

Projects will be evaluated upon application responses that address the need for services, how the need was determined, and assessing the current services in the area. **Projects will be scored between one and five, with one being representing little need and five representing great need.*

5 points total

Financial & Technical Capacity

Financial and technical capacity will be evaluated upon application responses that exhibit an Applicant's financial and technical ability to carry out the proposed services outlined within their application. **Financial and technical capacity will be scored between one and five, with one representing little capacity and five representing requisite capacity.*

5 points total

Coordination & Cooperation

Coordination and cooperation efforts will be evaluated upon application responses that describe the level and quality of coordination efforts by the Applicant with other providers of transportation or transit advocates in the surrounding area. **Coordination and cooperation will be scored between one and five, with one representing little coordination and cooperation and five representing satisfactory coordination and cooperation.*

5 points total

Compliance Risk

Compliance risk will be evaluated based upon application responses, compliance monitoring results, and risk assessments conducted by the Transit Office. **Projects will be scored between one and five, with one representing high risk and five representing low risk.*

5 points total

Previous Project Performance

Previous performance will be evaluated upon data provided within the application and data available to the Transit Office. Criteria will be evaluated to assess the ability of the Applicant to successfully and efficiently perform the proposed services with the funding requested and/or available. **Previous project performance will be scored between one and five, with one representing poor performance and five representing good performance.*

5 points total

Fiscal Performance and Budget

Budgets will be evaluated for project expenses, projected revenues, and local match commitments. Fiscal performance will be reviewed based upon previous awards, reimbursement requests, and funding usage. These criteria will be evaluated to assess the ability of the Applicant to perform the proposed services with the funding requested and/or available. **Fiscal performance and budget will be scored between one and five, with one representing poor performance and five representing good performance.*

CERTIFICATION OF EQUIVALENT SERVICE

_____ certifies that its demand responsive service offered to individuals with
Legal name (and DBA, if applicable) of the Applicant

disabilities, including individuals who use wheelchairs, is equivalent to the level and quality of service offered to individuals without disabilities. Such service, when viewed in its entirety, is provided in the most integrated setting feasible and is equivalent with respect to:

- a) Response Time;
- b) Fares;
- c) Geographic service area;
- d) Hours and days of service;
- e) Restrictions or priorities based on trip purpose;
- f) Availability of information and reservation capability; and
- g) Constraints on capacity or service availability.

In accordance with 49 CFR 37.77, public entities operating demand responsive systems for the general public which receive financial assistance under 49 U.S.C. 5311 must file this certification with the appropriate state program office before procuring any inaccessible vehicle. Such public entities not receiving FTA funds shall also file the certification with the appropriate state program office. Such public entities receiving FTA funds under any other section of the FT Act must file the certification with the appropriate FTA regional office. This certification is valid for no longer than one year from its date of filing.

When awarding inaccessible vehicles to subrecipients, monitoring compliance with certification requirements means asking funding applicants who request inaccessible vehicles to document equivalency of services. Such documentation addresses each area of equivalency: response time, fares, geographic areas of service, hours and days of service, trip purpose, information and reservation capability, and capacity and service availability.

When requesting and receiving inaccessible vehicles, accurately certifying that service is equivalent means reviewing policies and operating procedures to ensure that service is available in the same area, at the same times, with the same response time, and for the same trip purposes for all types of riders. This includes riders with disabilities who use wheelchairs as well as others who may need accessible vehicles. FTA encourages monitoring daily operations to ensure compliance with policies and operating procedures and that the service is equivalent.

FTA also expects subrecipients that obtain or plan to obtain inaccessible vehicles to gather and closely analyze service data to determine if service is the same for all riders. At a minimum, this would include comparing the following service data for riders who need accessible vehicles with riders who do not need accessible vehicles:

- Trip denials and missed trips
- Frequency of being wait-listed
- On-time performance
- On-board ride times
- Telephone hold times

CERTIFICATION FOR AUDIT REQUIREMENTS

I hereby certify that the _____ will comply with **2 CFR §200.501 - Audit Requirements**.
Legal name (and DBA, if applicable) of the Applicant

(a) Audit required. A non-Federal entity that expends \$750,000 or more during the non-Federal entity's fiscal year in Federal awards must have a single or program-specific audit conducted for that year in accordance with the provisions of this part.

(b) Single audit. A non-Federal entity that expends \$750,000 or more during the non-Federal entity's fiscal year in Federal awards must have a single audit conducted in accordance with § 200.514 Scope of audit except when it elects to have a program-specific audit conducted in accordance with paragraph (c) of this section.

(c) Program-specific audit election. When an auditee expends Federal awards under only one Federal program (excluding R&D) and the Federal program's statutes, regulations, or the terms and conditions of the Federal award do not require a financial statement audit of the auditee, the auditee may elect to have a program-specific audit conducted in accordance with § 200.507 Program-specific audits. A program-specific audit may not be elected for R&D unless all of the Federal awards expended were received from the same Federal agency, or the same Federal agency and the same pass-through entity, and that Federal agency, or pass-through entity in the case of a subrecipient, approves in advance a program-specific audit.

(d) Exemption when Federal awards expended are less than \$750,000. A non-Federal entity that expends less than \$750,000 during the non-Federal entity's fiscal year in Federal awards is exempt from Federal audit requirements for that year, except as noted in § 200.503 Relation to other audit requirements, but records must be available for review or audit by appropriate officials of the Federal agency, pass-through entity, and Government Accountability Office (GAO).

(e) Federally Funded Research and Development Centers (FFRDC). Management of an auditee that owns or operates a FFRDC may elect to treat the FFRDC as a separate entity for purposes of this part.

(f) Subrecipients and Contractors. An auditee may simultaneously be a recipient, a subrecipient, and a contractor. Federal awards expended as a recipient or a subrecipient are subject to audit under this part. The payments received for goods or services provided as a contractor are not Federal awards. Section § 200.330 Subrecipient and contractor determinations sets forth the considerations in determining whether payments constitute a Federal award or a payment for goods or services provided as a contractor.

(g) Compliance responsibility for contractors. In most cases, the auditee's compliance responsibility for contractors is only to ensure that the procurement, receipt, and payment for goods and services comply with Federal statutes, regulations, and the terms and conditions of Federal awards. Federal award compliance requirements normally do not pass through to contractors. However, the auditee is responsible for ensuring compliance for procurement transactions which are structured such that the contractor is responsible for program compliance or the contractor's records must be reviewed to determine program compliance. Also, when these procurement transactions relate to a major program, the scope of the audit must include determining whether these transactions are in compliance with Federal statutes, regulations, and the terms and conditions of Federal awards.

(h) For-profit subrecipient. Since this part does not apply to for-profit subrecipients, the pass-through entity is responsible for establishing requirements, as necessary, to ensure compliance by for-profit subrecipients. The agreement with the for-profit subrecipient must describe applicable compliance requirements and the for-profit subrecipient's compliance responsibility. Methods to ensure compliance for Federal awards made to for-profit subrecipients may include pre-award audits, monitoring during the agreement, and post-award audits. See also § 200.331 Requirements for pass-through entities.

FEDERAL GRANT APPLICATION ATTACHMENTS

1. FTA Certifications and Assurances*

FTA Certifications and Assurances must be included with this grant application.

<https://www.transit.dot.gov/funding/grantee-resources/certifications-and-assurances/certifications-assurances>

The new Federal Fiscal Year Annual List of Certifications and Assurances for FTA Grants and Cooperative Agreements is made available, annually, in the first few months of the calendar year. **Do not use the forms for the previous Federal Fiscal Year.**

**In the event that the new FFY Annual List of Certifications and Assurances for FTA Grants and Cooperative Agreements is NOT made available in order for applicants to submit a Federal Grant Application to the Nevada DOT prior to the due date, the Transit Office will accept the prior year's Certs and Assurances form with a notation that the new Certs and Assurances will be provided to our office within within 60 days of the date of availability of the new C&As.*

2. Certificate(s) of Insurance (COIs)**

Each applicant is required to provide certificates of insurance for their agency as shown below:

General Liability Insurance
Auto Liability Insurance
Worker's Compensation Insurance

****The COI(s) must list the Nevada Department of Transportation as the additional insured with reference to the Active Grantee Agreement(s) for FTA §§ 5310 and/or 5339 federal assistance. These forms need to be updated when agreement numbers change or when policies expire. For this application, applicants that are current subrecipients must use their current, active agreement number on COIs with the understanding that the agreement number will need to be updated on October 1. New applicants must list the agreement number as TBD.**

COI expiration dates must be kept current throughout the life of the agreement/award, per agreement language, so as not to risk having the agreement for federal assistance be unilaterally terminated by the Department.

3. Agency Organizational Chart***

Your agency organizational chart must be included with this grant application. Ensure that the organization of your governing body is included in this chart. Your agency organizational chart should include all positions that pertain to the program for which you seek federal assistance.

****Organizational changes must be provided to the Transit Office throughout the life of the agreement/award.*

4. List of All Public or Private Providers of Public Transportation in Service Area

Provide a full list of all public or private transportation providers in your agency service area.

5. Current Asset Inventory (Revenue Vehicles, Service Vehicles, Equipment > \$50,000 original retail price)

Current subrecipients must use their TAM Tab from the Invoice or Ridership Workbook to provide their Asset Inventory.

New Applicants must completely fill out the Department-provided Current Asset Inventory Form. No fields should be left blank.

6. Proof of Grant Application Advertisement

Applicants must show proof they have met the requirements stated above by providing, as an attachment to this Federal Grant Application, sufficient evidence of reasonable notification to all transportation providers in the proposed service area. Nevada Department of Transportation State Management Plan, Section J.1.A Application Submission by Subrecipients, Paragraph 3 states:

"Applicants must ensure that private-for-profit and private non-profit transit operators are given the opportunity to participate in the planning and implementation of the project to the maximum extent feasible. This includes soliciting private companies' participation in their planning process and encouraging private companies to actively participate in the planning process. Applicants must provide reasonable notice to all transportation providers in the proposed service area to inform them of the project and ascertain whether the private providers could participate in the project. This is accomplished by publishing a public notice in a newspaper of general circulation and/or on the applicant's website, by sending a letter of intent directly to private providers, or by conducting a public participation process."
