

US 50 East Shore Corridor Management Plan Public Listening Tour

We want your feedback! Starting March 30, 2022, join the Nevada Department of Transportation during the second phase of our listening tour regarding the US 50 East Shore Corridor Management Plan (CMP). This study assesses vehicle and pedestrian concerns along this corridor and identifies opportunities for NDOT to address those needs.

Study Elements Include:

Multi-Modal Solutions

Traffic Conditions

Safety Concerns

Transit Services

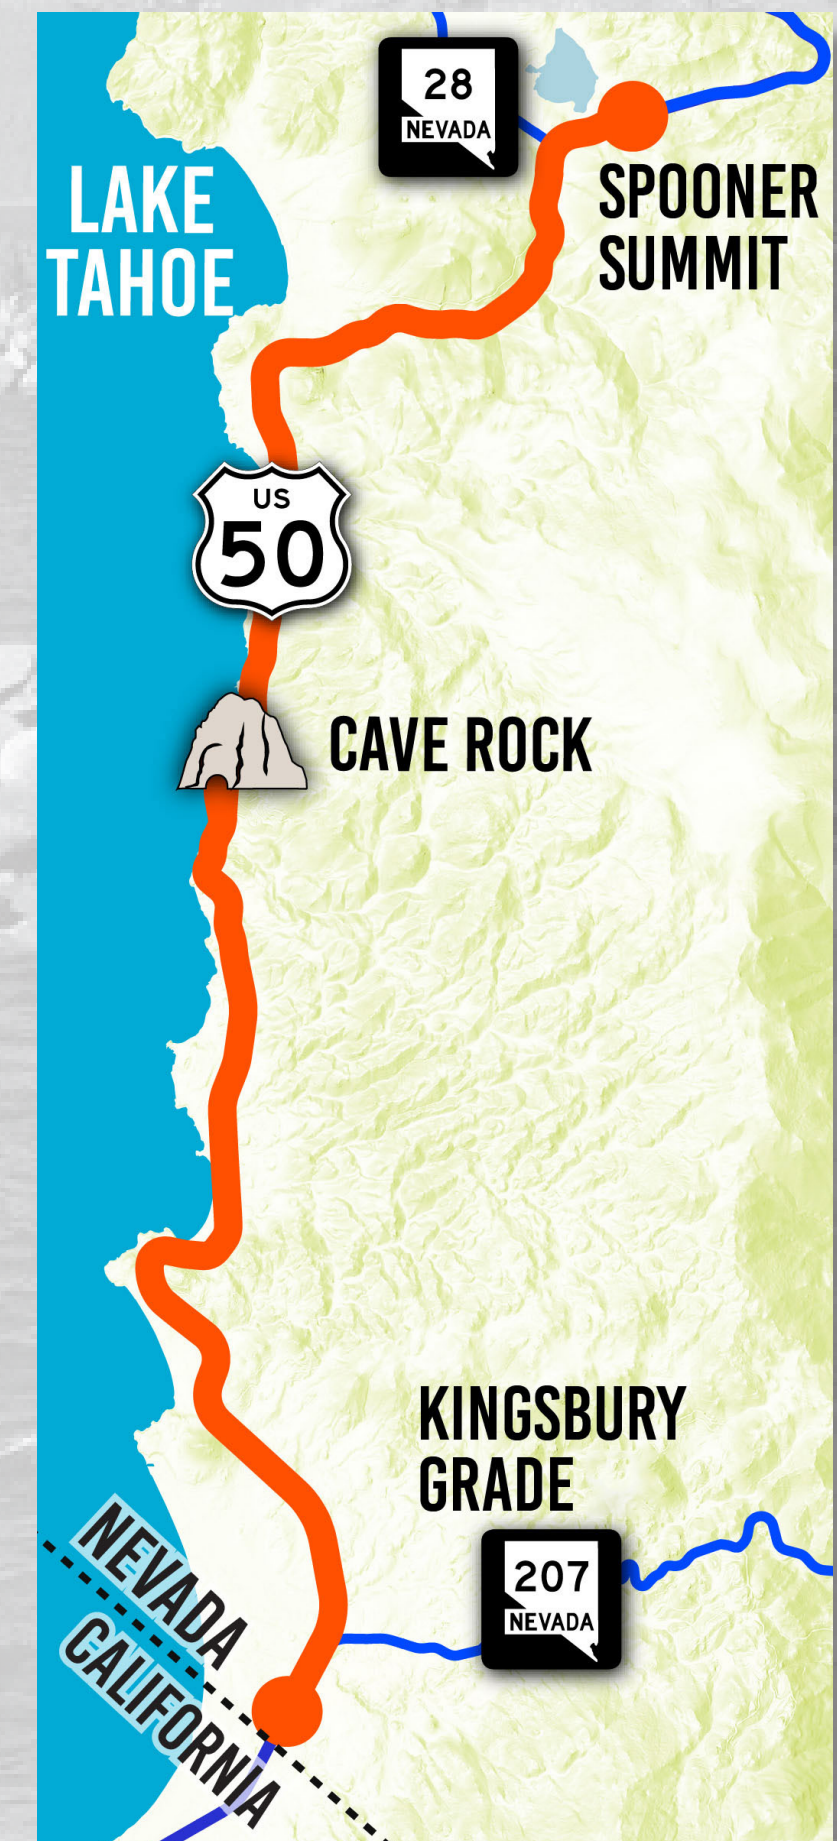

The US 50 CMP is a comprehensive study of vehicle, pedestrian, and recreational traffic along this unique corridor. We want your feedback on potential concepts developed to address the concerns identified during the first phase of public outreach in summer 2021. The public is once again invited to meet with the study team to share their thoughts and provide feedback regarding US 50 between Spooner Summit and the California state line. Study representatives will be available at the following times and locations listed below:

TOUR LOCATIONS

March 30, 11:00am-1:00pm
