DOT Permit # \_\_\_\_\_

Milepost \_\_\_\_\_

### Type of Board

- Trivision. This board can be changed once every 6 seconds. Change interval cannot take more than 3 seconds. Sign must be set to stay in one position in case of malfunction.
- LED. This sign can be changed once a minute. The change must be instant. Fades, swipes, or scrolls are prohibited. No animation is permitted. In case of malfunction the sign must remain on one message or be shut off. Lighting must be dimmed at night.
- Other. Describe and attach plans \_\_\_\_\_
- \_\_\_\_\_

The permit holder must remain in control of the sign at all times even if a third party is operating the message board. If a violation is found, the sign permit holder must correct the error or turn the sign off within 24 hours of notification by mail, telephone, or e-mail.

This permit is conditional approval pending an update in NAC Chapter 410. This sign will be governed by the updated changes when they occur.

Fees: Old sign - \$150. New sign is included with inspection fee.
