## SPAGHETTI BOWL PROJECT Environmental Impact Statement

***I-80 from Sierra/Virginia/Center Interchange to Pyramid Hwy. Interchange  
I-580/US 395 from N. McCarran/Clear Acre Interchange to Moana Ln.***

The Nevada Department of Transportation (NDOT), in cooperation with the Federal Highway Administration (FHWA), is initiating the preparation of an Environmental Impact Statement to evaluate and document potential impacts. The upgrade of the project area's freeway systems will reduce traffic congestion, increase traffic mobility, and potentially lessen crash rates in localized areas to increase safety.

We need your involvement. Please attend one of these meetings to ask questions and provide feedback about this proposed project. Project representatives will be available to discuss this proposed project, take comments and answer questions. Both meetings will be an open house format with a presentation at 5:30 p.m.

Submit questions or comments to Nick Johnson, Project Manager, NDOT, 1263 S. Stewart St., Carson City, NV 89712, [njohnson@dot.state.nv.us](mailto:njohnson@dot.state.nv.us) or (775) 888-7318. Comments will be accepted through April 28, 2017.
