REQUEST TO REDUCE FREQUENCY OF CONSTRUCTION SITE STORMWATER INSPECTIONS

In accordance with the Standard Specifications for Temporary Pollution Control, Section 637.03.01, a reduced inspection schedule can be requested for approval. This request shall be submitted by the WPCM to the RE and shall receive signed approval prior to the commencement of the reduced inspection schedule. The approved form shall be kept on record in the SWPPP.

NOTE: During a reduced inspection schedule, the Operator shall inspect the site at least once every 30 days and within 24 hours of the end of each storm event of 0.25 inch or greater during a 24 hour period. The reduced schedule shall be documented in the SWPPP and the beginning and ending dates of the period noted on this form
